PERMIT APPLICATION FOR SANITARY SEWER CONNECTION

Address of Property: _____

Permission is granted to connect the above referenced Sanitary Sewer Lateral subject to the following conditions:

- The sanitary sewer lateral is to be constructed in accordance with all rules and regulations of Hatfield Township Municipal Authority (HTMA) as well as the attached guidelines for new connections which are a part of this permit.
- Construction documents, engineering calculations, diagrams and other such data shall be submitted in 3 sets with each application for a permit. (Two paper copies; and one PDF copy that should be sent to inspections@htmasewer.com).
- There will be two inspections required for new construction. The first inspection will involve the excavation and removal of the end cap at the lateral connection point. The second inspection will involve a visual inspection, air leakage test and final connection.
- The applicant agrees not to backfill any trench in which any pipe or appurtenance has been installed until HTMA has inspected and approved the construction. Failure to do so shall cause the applicant to uncover the trench and the pipe laid herein and keep the trench open until HTMA has inspected and approved the completed work and/or appurtenance(s). The applicant is responsible for safe trench conditions at all times.
- Once the Sewer Connection Permit has been issued, the plumber should contact HTMA to arrange for an inspection. Inspections are performed Monday thru Friday between the hours of 8:00 a.m. – 2:00 p.m. Please call 215-822-9300 to schedule. **INSPECTIONS REQUIRE 24 HOUR ADVANCE NOTICE.**
